TOWNSHIP CHAMBER ASKS IMPROVEMENT OF PHONE SERVICE

Suggestions for improved telephone service for the township area were made to Pacific Telephone representatives Wednesday evening by members of the Township Chamber of Commerce at a meeting held in the new county building.

Present at the invitation of the Chamber to discuss local problems were R. H. Hartsough, district commercial manager for the company, and G. H. Clegg, assistant manager of the Hayward office.

Township-wide dial system and the elimination of inter-township calls being routed through Hayward is the ultimate goal of the Chamber.

Chamber delegates pointed out that the present system creates time delays in reaching county agencies at the new county building, reporting fires, calling for the local ambulance and locating doctors through the doctor answering service.

It was also asked that the manual system be replaced with a dial system in Irvington and the township subscribers be listed alphabetically rather than by communities.

The two representatives stated that they would make a careful survey of the problems and needs of this area and report their findings at the October 17 meeting.

WARNING SIGNS PROMISED

The Chamber was informed, in a letter from John Skeggs of the State Division of Highways, that action had been taken by his department on the request that warning signs be posted on the Sunol-Mission San Jose section of Highway 21.

He stated that as a result of their survey six signs warning motorists to reduce speed because of sharp turns have been ordered installed along the highway.

Judge E. A. Quaresma, serving on a committee to investigate the possibility of consolidation of sanitary districts here, reported that Leon Clark, attorney for both districts, has announced that the Irvington and Union Sanitary Districts can be combined provided the two districts are made contiguous.

Judge Quaresma stated also that the Attorney General has ruled that a sanitary district may purchase a garbage dump site and bond the district for improvement

LOCAL YOUTHS ARE KOREAN CASUALTIES

Relatives of two local youths were notified this week that their boys had been wounded at the fighting front in Korea.

Frank Rose of Niles received word that his son, Pvt. George C. Rose, is hospitalized with wounds received in action. The wounds are not serious. He was wounded on September 1.

In Decoto, Mr. and Mrs. Maximo Rodriguez were notified that their son, Pfc. Ruben G. Rodriguez, had received slight wounds and is hospitalized.

The location of the hospitals was not made known.

LOCAL AMBULANCE PROBLEM CLEARED

Bernard Vail, owner and operator of the Township Ambulance, reported at Monday's meeting of the Centerville Chamber of Commerce that the matter of utilizing the local county-subsidized ambulance for accident victims in this area has apparently been straightened out.

Captain Richard E. Condon of the sheriff's department and Captain Howard Amborn of the California Highway Patrol were guests of the Chamber, invited to participate in the discussion of the ambulance problem here.

Vail had reported that outside ambulances had been dispatched into this area without him having been called.

Condon stated, "Our orders have been and will be that the county contract ambulance in the area of an accident will be called first." He stated that there was one instance of a new man breaking in on the radio who did not know the definite confines of Washington Township.

Captain Amborn stated that there are no restrictions on the Highway Patrol as to what ambulance they will call but it is a "matter of policy" to call the county contract ambulance service.

BLOOD DONORS RESPONSE GOOD

"When the people of Washington Township realize the actual need for anything, they always respond," said Mrs. W. L. McWhirter, expressing great satisfaction in the response for the appeal for blood donors. She is Blood Procurement chairman for the township.

Eighty-three pints of blood were given last Monday at the blood donor center at the Veterans Memorial Building.

Mrs. McWhirter said the cooperation of the staff assistants, and the fine response of donors, made the day a highly successful one.

"Blood that was given Monday was on its way to Korea Monday night," stated Mrs. McWhirter.

The next blood procurement day will be held on October 15.

'OLD TOWN' LAND TO BE AUCTIONED BY SAN FRANCISCO

A furor was created in the section of Niles known as "Old Town" yesterday when residents of that area received letters from the City of San Francisco, owners of the land, that the land is to be sold at auction.

The letters state that the 33 parcels of the original subdivision known as Vallejo's Mill Tract, located between Highway 9 and the Southern Pacific right-of-way will be sold to the highest bidders at public auction.

The letters fail to give the date of the auction and where it will be held.

Forms mailed along with the letters ask the residents residing on the land to forward a deposit, in some cases $600, along with their bid on the property.

The forms state that in the event the local residents are the successful bidders the deposit will apply on the purchase price. In the event it is sold to some other bidder the deposit shall be returned after deductions are made for the cost of advertising and any other incidental expenses.

The homes are owned by the residents but they have paid a monthly rent for the use of the land for many years.

DR. J. A. ROBERTSON NAMED TRUSTEE

The appointment of Dr. James A. Robertson of Newark to the Board of Trustees of Newark Elementary School has been announced by Dr. Vaughn D. Seidel, county superintendent of schools.

Dr. Robertson, who received his Doctor of Philosophy Degree from Cornell University, is employed at the Westvaco Chemical Division of Food Machinery Corporation and has three children attending school.

He succeeds Fred Melhase who resigned to move to Newburg, Oregon, where he has purchased a ranch.

PG&E STATION AT DECOTO ACTIVATED

The new Decoto substation of the P. G. & E. was put into service Wednesday to provide power to the plant of the U. S. Pipe and Foundry.

Power was tapped from the 60,000 volt line to the Pacific States Steel Mill until the company's new 60,000 volt line from the Mission-Sunol Road is completed.

The new substation is located at Decoto Road and Ninth Street. Crews have been employed for several months shifting the distribution system in that area in preparation for the new demands.

Peter Juhl, manager of the Niles office, said yesterday that the new power line across the hills will be carried on wooden poles because of the steel shortage.

IRVINGTON CENSUS FIGURE ASTOUNDING

The Irvington Chamber of Commerce is considering setting up a missing persons bureau.

It all began some months ago when Secretary Wallace Pond was authorized to write to the State Department of Highways requesting them to replace the town highway markers, listing a 1940 population of 900, with a more up-to-date figure.

At Tuesday's meeting of the Chamber, Secretary Pond read the reply from the Highway Department.

It went something like this—We are replacing the signs as rapidly as possible, however, since the preliminary report of census from the Federal Census Bureau lists your 1950 population at 739 we thought you were not particularly anxious for any change to be made.

All this despite the fact that more than 50 new homes have been constructed in the community in the post war era and not a vacant house is to be found.

Based on that population figure, Gus Robertson, school principal, reasoned that a great majority of his 380 students must be orphans.

ILLEGAL STAMPING OF MEAT CHARGED

Nicholas Batteate, Oakland, an employee of an Alvarado slaughtering house, entered a plea of guilty to a charge of illegally using a meat inspector's stamp, on his appearance in Justice Court last Friday.

Batteate told Judge Allen G. Norris that at the conclusion of working hours one evening he noticed that the inspector had failed to snap the lock on his locker containing the meat stamps.

He went on to relate how he then went outside and picked out a calf that had been rejected for slaughtering, killed it and stamped the carcass. He intimated that the meat was for his own use.

The case was turned over to the probation authorities for a study of alleged past violations and the defendant was ordered to return to court on October 5 for probation report and sentencing.

SAN JOSE SEEKS LESLIE SALT LAND

The Leslie Salt Company has set a value of $1,148,000 on four parcels of its land, part of 1,800 acres which the City of San Jose is seeking to condemn as a site for the oxidation ponds for a new sewage disposal pliant.

The city officials have indicated that they will fight the price, pointing out that the entire bond issue for the disposal plant totals $3,900,000.

The value was placed by the salt company in an amended answer to the city's condemnation suit.

A hearing is set for Monday, October 8.

QUARESMA WARNS OF CRACK-DOWN HERE ON SPEEDERS

Heavy-footed motorists of this area will do well to heed the words spoken by Judge E. A. Quaresma in Justice Court last Friday.

"I intend to put a stop to this growing practice of some motorists driving through towns of this area at full speed," Judge Quaresma told a defendant charged with speeding.

The defendant was Robert L. Rangel, 21, of 979 First Street, Niles, who entered a plea of guilty to a charge of driving through the 25-mile-per-hour zone on First Street, Niles, at a 65-mile-per-hour clip.

To bear out his declaration of war against the "speeding and reckless" driving, particularly on Main Street in Niles, the Judge suspended Rangel's driver's license for one year, fined him $25 and placed him on probation for one year.

"If you violate any laws and are brought back here during that one year period your sentence will be stiff," Judge Quaresma told the young speeder.

Following the court session, Judge Quaresma commented that it was almost miraculous how these speeders have kept from killing some pedestrians.

BIDS OPENED SATURDAY

Bids for the construction of the second half of the new Newark Elementary School will be opened at 10 a.m. Saturday at a special meeting of the Board of Trustees.

LOCAL HOUSING IS ASKED BY MILITARY

The Township Chamber of Commerce has set up a housing bureau to assist Air Force personnel based at Camp Parks, and their families, to locate housing in this area.

Gene Manning, executive secretary of the Township Chamber, said that he met with officers of the new mammoth base on Tuesday and was told there is a dire need for homes and apartments for incoming servicemen.

The Chamber asked Manning to serve as a clearing house between local landlords and the service personnel.

"There are countless homes in the township where one person lives alone in a big house and could well afford to rent some of the rooms with kitchen privileges to relieve the present hardship," Manning said.

He asked that all persons having rental units or willing to share their homes with the servicemen and their families telephone his office, Centerville 8-8916 and list their rentals. This service is to be offered without charge by the Chamber.

Township's Progress Cited at Dedication

For the second time in little less than a century a county office building was dedicated in Washington Township last Sunday.

Chester E. Stanley, vice-chairman of the Alameda County Board of Supervisors, who delivered the dedicatory address at the new county building on Fremont Avenue, recalled in his speech that it was in 1853 when the supervisors dedicated the first Alameda County courthouse at Alvarado.

"This township has always played a leading role in the growth of Alameda County. Many of its sons and daughters have held high positions of trust in the county government," Stanley said.

"During the time between the establishment of the first county seat at Alvarado almost a century ago, we have seen the vast and rich valley branch out as one of the strongest areas within the county, both in wealth and population.

" . . . To save the taxpayers time and money this new building will alleviate much travel to Oakland, the present county seat. Branches of the county government will be maintained locally providing an efficient service to those having business with the county government.

" . . . We therefore can humbly pay homage to those stalwart pioneers who showed their faith in this particular area when they established themselves here almost a century ago. They paved the way for the construction of the building we officially dedicate today."

The ceremony was opened by the playing of the National Anthem by the Washington Union High School band under the direction of Dwight Thornburg, followed by the invocation by Rev. Howard Steward.

Honored guests who were introduced by A. E. Alameda, master of ceremonies, were:

J. F. Coakley, district attorney . . . "An important milestone in the growth of Alameda County."

Judge E. A. Quaresma . . . "The axle around which future development and expansion of the area will revolve."

Judge Allen G. Norris . . . "A symbol of advancement, development and growth which is destined to come to Washington Township in the immediate future."

Dr. James C. Malcolm, health officer, " . . . We can now provide even greater service to the people of this area."

Dr. E. M. Grimmer, donor of the site for the new building, " . . . It is greater to give than to receive."

J. B. Clifford, superintendent of county buildings, " . . . "A building of which we can be proud."

Leon Ader, under-sheriff who spoke in behalf of Sheriff H. P. Gleason, announced that the substation here would probably begin operation on October 15. He stated there would be a total of 23 men stationed here, providing 24-hour service.

OPENED FOR INSPECTION

Captain Richard Condon, officer in charge of the station, introduced Lt. Sheehan, executive office, Detectives Lowell Creighton and John Welch, and Constables Robert Moore and Henry Vervais.

Mrs. Melford Alameda sang a solo, "God Bless America," followed by the benediction by Father J. Curran.

At the conclusion of the program the ribbon across the front doors of the building was cut by Super-

CURTAILMENT OF SPEEDING IN NILES SOUGHT

The assistance of the sheriff's department in closer control of traffic in certain areas of Niles has been requested by the Niles Chamber of Commerce.

At their weekly meeting Tuesday the members of the Chamber authorized Secretary Vernon Ellsworth to write to Sheriff H. P. Gleason requesting that a campaign be launched by his office to reduce speeding particularly in the residential section of First Street and the area near the school on Second Street.

FIVE TOWNSHIP YOUTHS HURT IN OAKLAND CRASH

Five Washington Township youths were among the six persons injured in a flaming automobile wreck which also claimed the lives of two people Sunday on the East Shore Freeway near Twenty-third avenue in Oakland.

The accident occurred when a large sedan driven by Maurice Gonzales, 22, a merchant seaman from Niles, crashed into the rear of a light coupe driven by Theodore Bennett, 35, of Oakland.

Police estimated that Gonzales' car was traveling 80 miles per hour when it struck the other car. Bennett was thrown from his machine and instantly killed and his companion, Mrs. Martha B. Phillips, 52, also of Oakland, was burned to death in the wreckage before firemen could be summoned.

Localites injured in the crash, all passengers in the Gonzales machine were: Frank Martinez, 16, of Niles, in critical condition from head injuries; Aurora Vargas, 22, Centerville, possible broken back, and her brothers, Ruben, 17, and David, 14, cuts and bruises. The other passenger in the car, Lois Martinez, 29, of San Leandro, a cousin of Frank Martinez, also suffered cuts and bruises.

Gonzales was held for investigation of manslaughter at Highland Hospital, where he was taken for treatment of a broken knee.

OBSERVATION POST IN TEST SUNDAY

An aircraft warning test has been called for Sunday by the Commanding General of Air Defense Command, it was revealed this week by Ken Foster, supervisor of the observation post at Newark.

Foster said that the test would be conducted between the hours of 8 a.m. and 5 p.m. with planes from the Civil Air Patrol and the armed forces participating.

Both Foster and Thomas R Nichol, chief observer, stated that additional observers are needed. They stated that anyone residing in the township is eligible.

It was also revealed that 20 more observation posts are to be activated in California with another post slated for this area.

The Newark post has been on standby status since the first of the year.

COMPETITION KEEN ON CAGE SQUADS

The members of the C and D basketball squads at Washington High buckled down to more strenuous workouts this week with each man out to win a berth on the traveling squad as Coach Don Wolfe prepared to pare down the squads.

The only veteran back from last year's pennant-winning D squad is Don Martin, a forward, but Wolfe singled out Willie Galan and Ben Lopez as promising standouts.

The C squad is in better condition with three lettermen, Bob Hird, Ray Orozco and Fred Viscara, and two other veterans, Arnold Gardetto and Junior Mulhusay, back in the lineup. Also expected to bolster the strength of the squad is Don Leach, a junior transfer student.

BEARCATS MAY END SEASON SUNDAY

The Centerville Bearcats defeated the Fairfax Merchants 7 to 4 Sunday at McConnell Park in Oakland behind the outstanding hurling of Tony Dutra.

Dutra whiffed nine Fairfax batters and kept seven hits well scattered.

Don Lemos led the localites in batting with a double and two singles in four tries. Ed Rose got one hit for one official time at the plate, getting four bases on balls.

Manager Frank Mayer attributed the major portion of the win to heads-up base running and the successful execution of three squeeze plays.

Harold Faria was forced out of the game in the fourth inning with an injured arm, suffered when he was hit by a pitched ball. Silveira took over his position.

Next Sunday the team travels to San Quentin Prison for its annual game.

Joe Dutra, team sponsor, said this week that Sunday's game may conclude the year's schedule.

OLD PAPERS ON DISPLAY AT CHURCH

"And now Faith . . . " is the subject of the Rev. Paul Focht's sermon, Sunday, at the 11 a.m. worship service at the Niles Congregational Church.

Parents with small children are welcome to leave their children in the nursery facilities provided by the church, Rev. Focht said.

On display in the church narthex this Sunday will be copies of the hundredth anniversary edition of California's oldest religious newspaper in continuous publication, "The Pacific," founded in 1851.

HUSKIES HOPEFUL WITH 10 VETERANS BACK IN LINEUP

Prospects of one of the brightest varsity football seasons in many a moon looms over Washington Union High School.

Although Coaches Jud Taylor and Clyde Voorhees point to the fact that their squad lacks depth in many spots, there is no denying that they have ten of last year's lettermen back in the fold.

Washington should field the most experienced line in the Santa Clara Valley Athletic League with the following lettermen back for duty: Paul Zeisse, right end; Lloyd Davis, right tackle; Bob Preciado, right guard; Harry Searles, center; Richard Duarte, left guard; Bob Brazil, left tackle, and Marty Sammon and Lee Walton, left ends.

Jack Ferraris, quarterback, is the only backfield letterman from last year but Joe Alexander, 195, veteran guard of last season, has been shifted into the fullback spot and is showing plenty of line-smashing possibilities, along with Ernie Kinzli.

COMPETITION KEEN

In competition for the two halfback positions are Jerry Ornellas, Joe Gonzales, John "Coco" Riveira, star of last year's B squad, and Bob Lunsford, a transfer from San Lorenzo.

Other linemen who have looked good in the first few nights of workouts are Vernon Bradley and Ed King, centers, and Tommy Meeker, guard.

The picture is not so bright on the prospects for the B squad of Coach Irving Hird.

Only five lettermen, and those with a minimum of experience, are back in the Orange and Black this season. They are Ruel Orozco, right end; Dick Guerra, right tackle; Lou Ayala, left tackle; Frank Murakami, left halfback, and Frank Galvan, right halfback.

"What we lack in experience we make up in spirit," Coach Hird said yesterday, "and we are going to win some ball games."

SEASON OPENS SEPT. 28

Other gridsters who are showing great promise and will see considerable action with the B squad are Louie Nielsen, Dennis Luis and Bus Foley, guards; Ernie Delgado and Leonard Brown, guards; Marce Campa and J. Andrade, ends; Russell Hayes, Dave Marin and George Cole, backs.

The two squads will open their 1951 season Friday, September 28, in a double-header on the home field against the reserves from Poly Tech of San Francisco.

The following Friday they will launch their SCVAL season in a home game against Santa Clara.

SCHOOL HERE IN GROWTH UPSURGE

The enrollment at the Niles Elementary School, as announced by District Superintendent E. D. Bristow, this week reached a record-breaking high of 659 pupils. This is 64 more than the 595 registered on opening day.

"Because of the increase in enrollment," stated Bristow, "we are running double sessions of both the kindergarten and first grade classes."

The morning session of the kindergarten is taught by Mrs. Imogene Ervin, who also teaches a period of remedial reading in the afternoon. Mrs. Isabel Oxborrow has the afternoon session of the kindergarten, and teaches physical education to the seventh and eighth grade girls in the morning.

The two first grades, operating in double shifts, are divided according to the locality in which the child lives. The "out-of-towners" attend school from 8:30 to 12:30, while those living right in town are in school from 12:30 to 4:30 p.m.

The two first grade teachers for the afternoon are Mrs. Rose Burgess and Mrs. Helen Williams. The morning first graders are taught by Miss Cecelia Enos and Miss Marie Curran.

According to Bristow, the school is now bursting at the seams. The new school, to be built on the site purchased near the Ellsworth Orchard subdivision, will alleviate this condition, but plans for its erection are not yet under way pending the completion of necessary preliminary steps before the "go-ahead" signal can be given.

MRS. MANUEL SILVA DIES AT NEWARK

Mrs. Margrida Foster Silva, 73, wife of Manuel F. Silva of Newark, died Saturday following a lengthy illness and was laid to rest Tuesday.

She was the mother of Adeline Foster of Newark; sister of Anna Facha and Frank Facha, both of San Leandro, and John Facha of Hanford; grandmother of Mrs. Doris Silva of Newark, and great-grandmother of Robert Allen Silva of Newark.

She was a native of the Azores Islands and a member of the S.P.R.S.I. of Newark.

Funeral services were held from the parlors of the Chapel of the Palms in Centerville, followed by a requiem mass at St. Edward's Church, Newark.

Interment was at Holy Ghost Cemetery, Centerville.

St, Patrick Church in San Francisco, with its interior finish in Connemara marble and Caen stone, is called "the most Irish church on this continent."

Thinking Things Over . . .

By VIVIAN BATMAN

'WATCH ME'

I am learning to play golf. I've always wanted to play golf, but I've kept putting it off all these years, because I thought it would be too difficult for me. But it isn't. You don't even get sore muscles or anything. That is, you don't if you take lessons from this professional golf instructor I am taking from.

He says first, "Now lady, this is going to take that spare tire off your middle. Now look at me." I look at him. He says, "There's not an ounce of spare flesh on me. See these biceps?" I look at his biceps. Then I say, "But I don't want biceps."

He brushes this aside with, "Now watch me pivot." I watch him pivot. "You gotta be able to keep your balance," he says. "Watch how I keep my balance. See? Pretty good, huh?"

"Shall I pivot now?" I ask, hoping to get into action.

He also brushes this aside. "No, you just watch me pivot a while. See? Bet you never saw anybody so well-balanced, have you?"

I said, "You're speaking physically, or mentally?"

He brushed this aside and said, "Now we'll come to grips."

I replied that I supposed we would, sooner or later.

"Now watch this grip," he says, grabbing a golf club, which he calls an "iron." "I've got a grip like steel," he said. "Not many people have a grip like mine."

I watched. Trying to put the proper amount of awe in my voice, I said agreeably, "That's wonderful! Now let me see if I can grip it."

He brushed this aside. "You just watch me," he said, annoyed. "Now watch me swing. See my wrists? They're strong as iron. Not many people have wrists like mine. Some people call me "The King of Swing." Now watch me hit it . . . There she goes! Boy! Was that a beaut! Sister, I've taken lessons from the best golf instructor in the country. And I've GIVEN lessons to the best, beLIEVE me!"

"I guess you've given lessons to Bing Crosby and Bob Hope and all those important people," I said.

"Yep!" he said heartily. "Now watch, and I'll hit another one for you. See that flag over there? I'm going to drop it within INCHES—you hear?—See! What'd I tell you? What'dya think of THAT?"

"It's wonderful," I repeated weakly, losing my enthusiasm somewhat. "Now let me hit it."

"Look, lady, you gotta watch me for a while. You gotta see how it's done, don't you? Now watch my wrists. Watch my torso. Watch my form. Here goes! . . . Bro—THER! What a shot! Now, lady, if YOU could only hit a ball like that!"

"Maybe I could, if I tried," I said.

He gave me a withering look, then, gathering up his "iron" he said, "Well, that's all for this lesson."

"But I haven't even had a club in my hand!' I expostulated.

"Look, lady, you gotta take it easy. You dont expect to do everything in one lesson, do you?"

That's what I meant, when I said in the beginning that golf is easy. You don't get sore muscles or anything. You don't even MOVE a muscle. Not if you take lessons from this golf pro I am taking from. If you want his name I will give it to you. You can plainly see from reading this article that he is the best.

NILES HOUSEWIFE HOLDS UNUSUAL JOB

* * * * * * * * *

CONTROLS TRAFFIC IN RAILROAD TOWER

Proof of the fallacy of the saying "It's a man's world" can be borne out by the occupation of Mrs. Alfred Perry of Niles.

From 4 p.m. until midnight each day she controls Radium Tower, operated by Southern Pacific for both their main line and the main line of the Western Pacific near Pleasanton.

Mrs. Perry, the former Marie Coe of Alameda, might be likened to a railroad traffic cop. She keeps the lines clear of switching engines, operates the signals and handles the dispatches for the two companies.

She took her training with the Southern Pacific Company in 1943 when women telegraphers were needed to replace the men called into the armed forces. After eight weeks of training at the company's school at Oakland Pier, she was assigned to her first job—an assignment she will never forget.

She was sent to the station at Manteca and the girl that was to break her in to the new job failed to show up the first night.

"I'll never forget the ordeal of that night's work," Mrs. Perry recalls.

"I was on the midnight to 8 a.m. shift, all alone, scared and lacking any confidence whatever. Before the night was over I was crying like a baby."

She recalled how she received a dispatch to be handed to the engineer and conductor of a through train.

She rigged the message in the large wooden hoop that is handed up to the trainmen.

She made one mistake, however, she held the hoop so close to the train that she speared the front of the engine. The train ground to a halt, the engineer climbed down and picked the message off the engine and gave her a good "ribbing."

She worked in 21 different stations during the following three years.

In 1945 she was married to Alfred J. Perry of Niles and gave up work in 1946 to become a housewife and mother. The couple has two children, Glenn, 5, and Sally, 3.

In July of this year she returned to work with the Southern Pacific, becoming their only woman tower operator in the western division.

TRAINING COURSE FOR ADULT SCOUTS

School has started for Girl Scout adults as well as for their children, it was announced this week as Brownie and Intermediate Troop leaders began checking their calendars with the fall training schedule of the Hayward Area Girl Scout Council. Courses have been planned to meet the needs of the experienced troop leader as well as those of the adults new to Scouting. Troop organization, crafts, songs, games and workshops of all types will be included in the activities. Location and time of the sessions have been arranged to reach parents of all five districts, including Ashmont, Castro Valley, Hayward, San Lorenzo and Washington Township.

Experienced leaders are invited to attend the advanced courses scheduled for Brownies on September 20 from 9:30 until noon at the Girl Scout Cabin and for Intermediates on September 21 from 10 a.m. until 2 p.m., and on September 28 at the cabin from 1 p.m. until 3 p.m. The first session for experienced Intermediate leaders is particularly designed for leaders of "fly-up" Brownie troops, while the second session on September 28 is planned for a workshop in Badges and Ranks.

New leaders or adults interested in becoming leaders will be able to attend two sessions in San Lorenzo at the Community Center on September 28 and October 4 from 9:30 to 12. Adults living in Washington Township may start their course at the Girl Scout Cabin in Hayward on October 5 from 9:30 to 12. Continuation of the courses will be held at the Girl Scout Cabin from 9:30 to 12 for Brownie leaders beginning with October 18 and continuing on Thursday through November 29. Intermediate beginning leaders may continue their course at the Girl Scout Cabin from 9:30 to 12, starting on October 19 and through November 29.

How to make good telephone service even better....

You'll save time if you look up numbers before you call

Have you ever had the feeling that you're *not quite sure* of a familiar telephone number you're about to call?

Even the number of a friend you call quite often? Your memory tells you it's 3198. Or is it 3189? The best way to settle it is to look up numbers *before* you call. You'll save time—and avoid the delay and embarrassment of having a stranger answer if your memory tricks you into getting an incorrect number.

Faster Long Distance service

is yours, when you give the operator the out-of-town telephone number you want rather than just the name and address of the party you are calling. You'll not only save your time . . . but calling by number means better service for everyone, especially now when telephone lines are carrying so many urgent industrial and military calls.

Localites Attend Champagne Breakfast

A champagne breakfast, held at the Old Hearst Ranch, was greatly enjoyed by 85 guests of Mrs. Dora Anderson of Centerville, and her neighbors, Jack and Marjorie Stevenson, last Sunday.

The guests assembled in the palm patio at the Ranch for champagne and breakfast, and were later entertained by the weekly Sunday morning radio broadcast, on which several of the breakfast guests of the party appeared.

Folk-dancing was presented later in the afternoon but several of those in the party had to leave in order to attend the dedication of the new county building on Fremont Avenue.

All of the guests were unanimous in voicing the opinion that the champagne breakfast was a huge success.

Among the guests were Mr. and Mrs. Lyndall Merrill of Modesto, who were present at the wedding twenty-five years ago.

MISSION SAN JOSE NEWS

By LOIS BOTTENBERG

Lois Bottenberg

UNDER DOCTOR CARE

We are sorry to learn that Miss Anita Gallegos has been in San Francisco for quite a long time under the care of her doctor, but it is hoped that she will be able to return to the Mission before very long.

TO STAY IN MISSION

Mrs. Alice McGue and daughter, Sandy, have finally decided since San Francisco is such a terribly hard place in which to find an apartment that they will remain in the Mission. Her son, Tommy, recently hurt in the Navy, is staying here recuperating. Husband Jim is with the Merchant Marines.

BRIGHT SIGHTS

Have you noticed those bright and shiny white and red fire plugs around town? The water company has done a very nice job on them and they can be seen for a long distance now. Also a new cross walk has been added (a little while back) in front of the school house on the main highway. Cross walks through the efforts of the Chamber of Commerce.

RING ON HER FINGER

All smiles (on Monday morning too) on the way to high school Miss Marlene Fernandez, eldest daughter of Mr. and Mrs. Bill Fernandez, stopped at the post office to show your correspondent the lovely diamond engagement ring she had gotten over the week-end from Mr. Donald Smith of Hayward. She says there are really no immediate plans for the wedding as she hopes to finish her last year of High School before she becomes Mrs.

TO POMONA

Miss Ann Untiedt accompanied her sister, Mrs. Arthur Kimber, and her son, Jimmie, to Pomona the first of the week after spending a couple of weeks here at the home of her parents, Mr. and Mrs. John Untiedt. Ann will stay in the south until college opens in San Jose and then return to her sophomore year.

MORE NEWS LATER

Mrs. Rose Recends accompanied Danny Silva to Sacramento over the week-end where they spent their time with relatives and visited with Rose's son, John Pat Recends. She brings home the news that John will soon be a benedict. More on that subject when all details are in.

BIRTHDAY FUN

Mrs. Elsie Wilcox has been entertaining her son and family, Mr. and Mrs. A. B. Cross, son Carl and daughter, Georgia Lee, of San Antonio, Texas. On Sunday at the home of Mr. and Mrs. Glenn Bottenberg Mrs. Cross was surprised on her birthday by Mr. and Mrs. Daniel Cross, Myrna, David Lee and Edna Mae Cross, Mrs. Ruth Santos, Diane and Michael, Grandmother Wilcox and the Bottenbergs coming to help her eat her birthday cake and ice cream. Their son Carl went to Camp Stoneman on Monday and the rest of the family to Redwood City where they spent several days with Mr. and Mrs. Floyd Cross and boys. They left for Colorado on Friday to visit another brother, J. M. Cross and family, before returning to Texas.

MORE ON THE FAMILY

I'm sure that the readers will say most of the news this week is about the families of your correspondent but it is news, so here we go again.

Friday at the Elementary School little Diane Santos, daughter of Ruth Santos, entertained her first and second grade school chums with a party in her honor on her seventh birthday. She served birthday cake and ice cream to the rest with the help of her brother, Michael, who visited in the afternoon, and Sonja Untiedt, who celebrated her birthday the day before. Candy favors made into sail boats with each child's name were given out. In the evening her mother, accompanied by cousins George and Carl Cross, and two little neighbor girls, Bunny Sue and Kathy Parker, attended the theater at Centerville.

HER 85th

Haven't gotten any real first hand news on Grandmother Boggini and her 85th, I think, birthday celebrated on September 14, but we can always depend on all her fine family coming home either on Saturday or Sunday to help her celebrate. Here's hoping that I can write you up, Grandma, many more years.

FORMER RESIDENT DIES IN PALO ALTO

Clarence F. Salz, a long-time resident of Centerville, who moved to Palo Alto about 10 years ago, died at his Palo Alto home Wednesday morning. Final rites are being held today (Friday) at 11 a.m. at Roller and Hapgood in Palo Alto.

Mr. Salz will be remembered here in connection with the C. F. Salz Co. in Decoto.

He was a member of the Alameda Masonic Lodge of Centerville.

He is survived by his wife, Eleanor, and by a son, Earl.

HINTS FOR HOMEMAKERS

INCLUDE YOUR FREEZER IN PLANS FOR PICNICS

by the *General Electric Consumers Institute*

This is the time of year when the man of the house is apt to call up from the office around noon, and say, "It's too hot to eat indoors tonight. Let's go on a picnic."

Glad of the chance to get away from cooking chores for an evening, you'll probably think it's a wonderful idea—until you start buttering bread and checking the pantry and the refrigerator for sandwich fillings. You're a lucky homemaker if you can find enough sandwich material, on short notice, to feed a hungry family.

Freezer Saves the Day

But the picture is a different one if you own a food freezer, says the General Electric Consumers Institute.

There you can have frozen sandwiches—all kinds and lots of them—which will thaw in 3 to 3½ hours and be ready for the picnic when you are. Frozen cake wedges, pieces of pie or cookies can be thawed with the sandwiches for a glamourous picnic dessert.

If you prefer an eat-out-of-the-hand basket supper, you can have frozen fried chicken just waiting in the freezer for a picnic invitation.

Hamburgers for Cook-Out

The youngsters will be particularly happy if you choose to have a picnic cook-out. How about hamburger patties and corn-on-the-cob? They can come out of the freezer, too. Even hamburger rolls can be frozen.

You'll still have the job of collecting the trimmings—tomatoes and salt and pepper and pickles and cold drinks and eating utensils, but if you keep your freezer well stocked with picnic "makin's", you'll be ready for a summer outing anytime—and the preparation will be easy enough for you to enjoy the picnic as much as the rest of the family does.
